ClickOut Media
May 2025 - Mar 2026
Senior Product Designer

Leads product design across a poker media portfolio monetized through SEO and affiliate revenue. Re-architected CardPlayer's 143-template ecosystem, rescued a poker simulator to production in 1.5 months after reframing a flawed brief into a full rebuild, and shipped an odds calculator that outperforms 4 competitors with a feature none of them offer.

Rush Street Interactive
2023 - Mar 2025
Senior Product Designer

Rebuilt the Design System, designed and shipped core product features, and established Design Ops processes for a NYSE-listed real-money poker platform. Enabled regulatory expansion across PA, MI, DE, and WV without system rework; product launched Oct 2024 and ranked #1 in the US market by Pokerfuse.

Pernod Ricard
2022 - Feb 2023
Product Designer, Design Systems & Documentation

Governed the Archipelago Design System powering 7 B2B SaaS products across 160+ countries within Pernod Ricard's digital transformation program. Led the first live migration onto a production SaaS, shipped a dedicated B2C system to Hong Kong design teams, and established Zeroheight as the single documentation source for internal and external stakeholders.

Peppermint
2021 - 2022
Consultant Product Designer

Led rapid product design interventions across construction, energy renovation, and urban logistics within a consulting context at Peppermint. Delivered audits, information architecture, prototypes, validation, and system foundations under compressed timelines to de-risk product decisions before development.

Idemia
2020 - 2021
Product Designer / UX Researcher

Embedded in Idemia's R&D team to bring product thinking into biometric identity and digital security products used in trust-sensitive environments. Led UX work across enrollment and identification flows, while centralizing the team's design operations in Figma to create a single source of truth.

Ugap
2019 - 2020
UX/UI Designer

Redesigned a public-sector e-commerce experience, improving UI clarity, accessibility, and CMS workflows

Air France
2017 - 2019
